

LINGUISTICS MINOR

<http://cola.unh.edu/linguistics>

Description

Linguistics is the study of one of the most important characteristics of human beings—language. It cuts across the boundaries between the sciences and the humanities. Students interested in the minor should consult with the program coordinator or with any professor who teaches linguistics courses.

Requirements

LING/ENGL 405 Introduction to Linguistics	4
Select any four linguistics courses approved by the linguistics coordinator	16
Total Credits	20
