OPS 800 - Principles of Operations Management
Credits: 3
The purpose of this elective within the MSPM program is to enable
students an opportunity to learn about the functions an operations
manager provides and the different purposes of each function. In this
course, students will explore the multidisciplinary roles of operations
managers including budgetary obligations, performance management,
and a variety of objectives to achieve in support of the organization’s
operational and strategic goals. The course will provide opportunities
to integrate functions and processes such as determining resource
requirements, risk analyses, and budgets, with similar functions required
of an operations manager.
Equivalent(s): OPS 800G
