RESEARCH AND
SCHOLARSHIP

The University of New Hampshire is designated as a R1 university by
the Carnegie Classification of Institutions of Higher Education. The
University is a land-, sea-, and space–grant institution and is ranked
among the top 130 research universities. In recent years, graduate
students at the University have been awarded a number of highly
competitive fellowships from EPA, Ford, Fulbright, Merck, NASA, NIH,
NOAA, and NSF.

The University’s research and scholarly activities range from highly
specialized investigations in the physical and biological sciences to
broad interdisciplinary studies.

Graduate students are intimately involved in these activities and are
expected to be familiar with the policies and procedures that govern
their research activities at the University. For more information, visit the
Compliance and Safety pages of the Research Office website.

Research, Economic Engagement and
Outreach

www.unh.edu/research

Research, economic engagement and outreach at the University of
New Hampshire, a Carnegie doctoral research university with very high
research activity, seek to understand and improve the world around us,
with high-impact results that transform lives, solve global challenges
and drive economic growth. Our research excellence reaches from the
depths of our oceans to the edge of our solar system and the Earth and
environment in which we all thrive. With research expenditures of more
than $140 million, UNH’s research portfolio includes partnerships with
NOAA, NASA, NSF and NIH. UNH is one of the top institutions in the
country for licensing its intellectual property, and its outreach programs
reach thousands of communities, companies, families and students each
year.

UNHInnovation

https://innovation.unh.edu/

UNHInnovation (UNHI) advocates for and manages the transfer of UNH-
derived ideas to the public to maximize their social and economic impact.
UNHI protects, promotes, and manages UNH’s innovations, supports
start-up companies based on UNH’s intellectual property, and develops
new opportunities for university and industry collaboration.
