

NURSING: EVIDENCE-BASED PRACTICE (M.S.)

<https://chhs.unh.edu/nursing/program/ms/nursing-evidence-based-practice>

Description

Evidence-Based Practice

The evidence-based nursing track focuses on developing advanced generalist nursing practice in a focused area of study, promoting interdisciplinary collaboration, fostering life-long learning, and preparing students for the leading edge of health care knowledge and delivery. Students strengthen knowledge and skills in clinical decision making, the application of nursing interventions, and their ability to critique and appropriately use evidence as a foundation for practice. In this graduate track, students study nursing as an applied discipline, advancing their knowledge of theoretical perspectives for clinical practice, with an emphasis on leadership; the cultural, social, and political context of health and illness; and quality improvement methodologies. Students are mentored in the enactment of leadership strategies to improve quality care in nursing practice through an intensive clinical practicum.

Requirements

Degree Requirements

| Code | Title | Credits |
|---------------|---|---------|
| NURS 901 | Health Policy | 3 |
| NURS 908 | Advanced Pathophysiology | 3 |
| NURS 909 | Advanced Health Assessment and Diagnostic Reasoning | 3 |
| NURS 925 | Health Care Systems and Leadership | 3 |
| NURS 944 | Population Health Promotion and Risk Reduction | 3 |
| NURS 953 | Promoting Quality Management | 3 |
| NURS 955 | Practicum in Advanced Nursing Practice | 3 |
| NURS 956 | Capstone Project Seminar | 3 |
| NURS 963 | Advanced Clinical Epidemiology | 3 |
| NURS 968 | Nursing Science and Evidence Based Practice | 3 |
| Total Credits | | 30 |
