

# OPERATIONS MANAGEMENT (GRADUATE CERTIFICATE)

<https://cps.unh.edu/online/program/graduate-certificate/operations-management>

## Description

This Operations Management Graduate Certificate program is designed to provide an interdisciplinary approach to operations management, ranging from manufacturing to health care. Participants will gain an understanding and appreciation of the functions an operations manager provides to their organization. They will acquire knowledge of the essentials of business operations, including project management and supply chain management. We recognize the differences in quality management between business and health care by providing students a choice of quality management courses.

Students will have the opportunity to:

1. Acquire new skills in support of managing an organization's operational functions;
2. Demonstrate the application of new knowledge of operations management functions and their support to an organization;
3. Establish themselves as a credible professional in operations management.

## Requirements
