

ENROLLMENT VERIFICATION

An enrollment verification is a document indicating student enrollment status and includes: enrolled status of full or part-time, credit hours, and expected date of graduation.¹

The University of New Hampshire has authorized the **National Student Clearinghouse** to act as its agent for verification of enrollment status. Enrollment data is sent to the National Student Clearinghouse soon after the standard add/drop period. Once the data has been processed by the Clearinghouse, students may obtain an enrollment verification pdf certificate by logging on to [Webcat](#) and linking to the National Student Clearinghouse website. Students may print a certification of enrollment to send to their health insurers and credit issuers. Students can view any electronic notification forms that the Clearinghouse has sent to their lenders, servicers, and guarantors, and may also link to real-time student loan information to determine outstanding balances and due date of their next payment.

[Ordering instructions](#) are available on the Office of the Registrar's website.

¹For verification of a degree, order an official transcript.
