

BUSINESS ADMINISTRATION MAJOR: ACCOUNTING OPTION (B.S.)

<https://paulcollege.unh.edu/business-administration/program/bs/business-administration-major-accounting-option>

Description

The **Option in Accounting** prepares students for careers in a “recession proof profession” with excellent placement and salary statistics.

Accounting is referred to as the “language of business” because all businesses rely on accounting information for decision-making.

Because accounting is inherently subjective, accounting students learn the analytical skills necessary to make idiosyncratic decisions.

However, in contrast to other professions, accountants also learn a technical knowledge base that allows them to understand how accounting choices can affect the information used for decision-making in all disciplines. This deeper understanding of business data helps accounting professionals provide value to clients and employers.

Because every business relies on accounting information, accounting students can select an industry and position that aligns with their personal interests. Examples of commonly selected positions include audit, tax, financial consulting, and management. The Option provides students with the requisite knowledge to obtain certifications in a variety of areas, including accounting (CPA), management (CMA), internal auditing (CIA), forensics (CFE), and information systems (CISA). Students may also take advantage of the four-one (5 year) program to earn a M.S. in Accounting at Paul College, which can speed career progression. Irrespective of the position or educational pathway an individual student selects, the demand for accounting professionals exceeds supply, making accounting a great career choice.

Requirements

Degree Requirements

Minimum Credit Requirement: 128 credits

Minimum Residency Requirement: 32 credits must be taken at UNH

Minimum GPA: 2.0 required for conferral*

Core Curriculum Required: Discovery & Writing Program Requirements

Foreign Language Requirement: No

All Major, Option and Elective Requirements as indicated.
