ECONOMICS MAJOR: PUBLIC POLICY AND SUSTAINABILITY OPTION (B.A.)

https://paulcollege.unh.edu/economics/program/ba/economics-major-public-policy-sustainability-option

Description

The Option in Public Policy and Sustainability (B.A. degree) examines the factors that influence economic, social, and environmental outcomes, such as unemployment, poverty, economic inequality, health disparities, technological innovation, and pollution. Students will develop the institutional knowledge and theoretical perspective to understand the impact that decisions of individuals, firms, communities, and governments have on such outcomes. Students will analyze the impact of specific government policies and potential reforms, theoretically and empirically.

This option is designed for students seeking careers in policy analysis and research positions at government agencies; think tanks such as RAND Corporation, Urban Institute, and Mathematica Policy Research; consulting firms such as Abt Associates; and non-governmental organizations.

Requirements

Economics Major (B.A.)

B.A. economics majors must complete nine courses in economics plus ADMN 420 Business Statistics with a grade of at least C- (1.67) in each Paul College major course and an average grade of 2.0 or better in major courses.

Total Credits 51

1 ECON 774 Senior Economics Seminar is the capstone course for the B.A. major and satisfies the capstone requirement of the University Discovery Program.

2 Specific electives for the BA Options must be chosen from an approved list of courses.

Coursework in accounting is recommended but not required. B.A. economics majors may choose to focus their major electives to satisfy the requirements of one of the three options defined by the Department of Economics.

Public Policy and Sustainability Option Requirements

Students must complete at least two required courses and at least three courses total. At least two courses must be ECON courses. (Note: Some courses may have prerequisites that are not part of the option.)

Other 600-level or 700-level course, with approval from ECON Dept.

Total Credits 12

1 Satisfies the requirement of the option, but does not count toward the four-elective requirement of the economics B.A. degree.

2 Course may not be used toward the option requirements once.
