Credits: 4
An introduction to the major works of American drama, with emphasis on themes and issues relevant to various theatrical periods. Prerequisite: ENGL 101. Grade Mode: Letter Grading
ERE 760 - Ecological-Economic Modeling for Decision Making
Credits: 4
In this course, students will develop ecological-economic models and use them to inform economic decision making related to the management of natural resources. These models range from analytical models using algebra and calculus, to computational models using coding and simulations. The course will focus on spatial-dynamic computational bioeconomic models because of their ability to capture economic decision making and ecological processes over time and space.
Prerequisite(s): ECON 605 with a minimum grade of D- and MATH 420 with a minimum grade of D-.
Grade Mode: Letter Grading

ERE 795 - Investigations
Credits: 2-4
Special assignments in readings, investigations, or field problems. Topics may include agricultural marketing, agricultural production and farm management, community development, economics of human resources, economics of population and food, land economics, marine economics, rural economic development, regional economics, water economics, or teaching experience.
Repeat Rule: May be repeated up to unlimited times.
Equivalent(s): EREC 795W, RECO 795
Grade Mode: Letter Grading

ERE 795W - Investigations
Credits: 2-4
Special assignments in readings, investigations, or field problems. Topics may include agricultural marketing, agricultural production and farm management, community development, economics of human resources, economics of population and food, land economics, marine economics, rural economic development, regional economics, water economics, or teaching experience.
Attributes: Writing Intensive Course
Repeat Rule: May be repeated up to unlimited times.
Equivalent(s): EREC 795, RECO 795
Grade Mode: Letter Grading

ERE 799 - Honors Senior Thesis
Credits: 1-4
Honor/thesis students conduct an independent research project, relevant to the student's area of specialization in the major, under the direction of a faculty sponsor. Students submit a research proposal, write a final report, and provide an oral presentation. One or two semester sequence.
Attributes: Honors course; Writing Intensive Course
Repeat Rule: May be repeated for a maximum of 8 credits.
Equivalent(s): RECO 799
Grade Mode: Letter Grading
