PAUL COLLEGE BUSINESS & ECONOMICS (PAUL)

# Course numbers with the # symbol included (e.g. #400) have not been taught in the last 3 years.

PAUL 405 - Freshman Academic Experience I
Credits: 0 or 1
This course is an introduction to the nature of academic knowledge, academic standards and academic management skills essential for success in the University and the Paul College. This course, along with PAUL 406 which follows in the spring term, provides academic foundation for the FIRE (First-year Innovation and Research Experience Program). PAUL 405 and 406 are required of all first-year students in Paul College.
Equivalent(s): ADMN 405
Grade Mode: Credit/Fail Grading

PAUL 406 - Freshman Academic Experience II
Credits: 0 or 1
This course is the second part of Freshman Academic Experience for all first-year students in Paul College. The second part of the course reviews academic skills and begins to focus on the student’s academic career as a student in Paul College including: major choices, opportunities for enrichment, networking, internships and career paths as well as grand challenge research and presentations. This course, along with PAUL 405 which follows the spring term, provides the academic foundation for the FIRE (First-year Innovation and Research Experience Program). PAUL 405 and 406 are required of all first-year students in Paul College.
Equivalent(s): ADMN 406
Grade Mode: Credit/Fail Grading

PAUL 407 - Paul Scholars Seminar
Credits: 1
Weekly seminar curriculum is designed to guide academically talented students to achieve their full potential, enhancing their overall educational experience at UNH. The course will expose the Paul Scholars to the high-impact opportunities available at UNH (study abroad, study away, research, etc.) and guide students in evaluating current and desired skillsets leading to the identification of experiences to close their skills gap. Students are responsible for attending and participating in all class sessions and other activities as assigned throughout the course.
Grade Mode: Credit/Fail Grading

PAUL #440A - Honors/Design Thinking for Social Justice, Change, and Innovation
Credits: 4
Utilizing the powerful, application-oriented methodology of human-centered design (design thinking), the course will enable students to become change makers and transformational leaders, by helping them understand the context and develop creative solutions to problems characterized by multiple forms of inequality (economic, social, racial, and gender-based), thus working toward social justice, change, and innovation.
Attributes: Honors course; Social Science (Discovery)
Grade Mode: Letter Grading

PAUL 450 - Personal Finance
Credits: 4
This course will provide an overview of the personal financial planning process, including the establishment of goals and objectives, forecasting of lifetime income and expenditures, evaluation of investment options, money management, and understanding of all the many ways a person can achieve their financial goals through various strategies. The course covers the concepts, theories and analytical methods used in professional personal financial planning. Students analyze the effects of inflation, changing interest rates and taxation (high level taxation) on their investment decisions. The course is designed to expose students to all of the directly applicable mathematical formulas involved in the finance world that we utilize on a daily basis.
Attributes: Quantitative Reasoning(Disc)
Grade Mode: Letter Grading
