

CHEMISTRY MINOR

<https://ceps.unh.edu/chemistry/chemistry-minor>

Description

If you are interested in obtaining a Chemistry Minor, please contact Cindi Rohwer, Academic Department Coordinator, Chemistry Department Office at (603) 862-1795 or Cindi.Rohwer@unh.edu. She will connect you to our Intent to Minor form and the Chemistry Department Undergraduate Coordinator so you can discuss your plans to minor in Chemistry.

Requirements

1. Complete a total of 20 credit hours in Chemistry (CHEM) courses.
2. A minimum of 12 credit hours at the 500 level or higher are required.
3. Chemistry courses for the minor cannot be completed on a pass/fail basis.
4. Grade of C- or better is required in all chemistry minor coursework.
5. A cumulative GPA of 2.00 is required for all chemistry minor coursework.
6. Biochemistry (BMCB) courses do not count toward a chemistry minor.
7. Transfer credits can only be applied to the minor with permission of the Chemistry Department Undergraduate Coordinator or Chair. Maximum of 8 transfer credit hours. Transfer courses must meet minimum grade requirements.
8. The following courses can NOT be applied to the Chemistry minor: CHEM 400, CHEM 408, CHEM 409, CHEM 411, CHEM 413, CHEM 501, CHEM 502, CHEM 503 and CHEM 798.
