

FEES AND EXPENSES

All tuition, fee, and financial aid policies are included in the [Student Right, Rules, and Responsibilities](#).

Student Accounts is UNH's student billing office. The office initiates billing, processes payments, loans, and scholarships, and counsels students relative to their financial obligations.

Important Note: In June of each year the University System of New Hampshire Board of Trustees sets tuition and fee rates for the upcoming academic year. Tuition and fees are listed on the [Student Accounts website](#).
