

SOCIAL WORK MAJOR (B.S.)

<https://chhs.unh.edu/social-work/program/bs/social-work-major>

Description

The Department of Social Work's undergraduate program is accredited by the Council on Social Work Education (CSWE) and must meet rigorous academic standards to retain this accreditation.

The Department of Social Work's undergraduate program offers both a major and a minor in social work. It is a specialized degree that prepares graduates for generalist social work practice with a solid foundation in the liberal arts and in the knowledge, skills, and value base of social work. Through the mastery of core competencies, social work graduates apply their education working with individuals, families, groups, organizations, and communities. In addition, the program prepares qualified students to pursue graduate education in schools of social work and related fields.

Social work majors earn a B.S. degree in social work. Graduates are eligible for practice in a variety of social work settings throughout the United States. In preparation for graduate school, the program offers an Accelerated Masters that qualified students can consider applying for their junior year. In addition, qualified graduates are eligible to apply for advanced standing in M.S.W. programs that offer advanced standing. Depending upon the program, this can mean earning the M.S.W. in one calendar year versus two academic years.

Major Requirements

Candidates for a degree must satisfy all of the University Discovery Program requirements in addition to satisfying the requirements of the social work major.

Students must maintain a 2.6 Semester GPA and earn a C or better in the 13 social work major courses. In addition, students are expected to successfully complete three additional courses as part of a liberal arts foundation for the major. Students are required to complete 40 hours of advisor approved human service hours by end of first semester junior year.

To connect the theoretical and conceptual content of the classroom with the practice world, students must complete:

- 40 hours of human service related work in an approved agency/program setting by the end of the semester when they apply to

the internship. Twenty of the forty hours must be in the same agency/program. The remaining hours may be across multiple sites/programs. This experience may be paid or volunteer and must be pre-approved by the student's faculty adviser. The service hours must be completed post high school and by the end of the semester when to internship applications are due.

- Students complete a 400-hour internship over two consecutive semesters during the senior year. This is the senior capstone experience. The internship placement in the final year of the baccalaureate program is arranged between the student and the internship education coordinator. In compliance with CSWE accreditation standards, the B.S. in social work program does not grant social work course credit for life or work experience.
