While these courses represent the minimum departmental requirements for the studio art option, students may wish to plan a program involving greater depth in one or several of the studio areas.

The Discovery Program capstone requirement will be fulfilled by completing a capstone project that reflects the training received, and personal artistic growth made, throughout the student's years of study at UNH. The capstone project includes participation in the BA/BFA Senior Exhibition in the UNH Museum of Art in April-May. Students will submit a minimum of 5 (or the equivalent what would be the equivalent of 5) recent works for faculty to review and select for the exhibition. At the review a written artist statement and verbal explanation of the work must also be presented.

The required minimum overall GPA in major coursework is 2.0.

Candidates for a degree must satisfy all of the University Discovery Program requirements in addition to satisfying the requirements of each individual major program. Bachelor of arts candidates must also satisfy the foreign language proficiency requirement.

Studio art majors may use two major-required courses to satisfy two Discovery category requirements.
