No Greek language courses are required for the LLT option, but students are encouraged to complete at least the introductory sequence (401–402).

There are also courses taught outside of the program that are approved substitutes for CLAS courses, and the department will accept up to 8 credits from such courses. An up-to-date list of these courses is available from departmental advisors and additional exceptions are allowed with the written approval of the advisor.

Please note that the LLT option does not by itself meet New Hampshire state certification requirements. Students interested in a path to teaching and licensure should inform their primary academic advisor to be connected with the advising contact in Education to discuss teaching licensure paths including a site-based license through the appropriate state department of education.

Please note that the LLT option does not by itself meet New Hampshire state certification requirements. Those who intend to pursue this certification should enroll in EDUC 500 Exploring Teaching as early as possible and then apply early in the fall of their year of graduation for a fifth year of internship and study through UNH's Department of Education. Students are also encouraged strongly to consider taking some EDUC electives during their period of undergraduate study.
