A methods course located in another department may be counted for four of these 20 credits (e.g., ARTS 791 or ARTS 792, ENGL 792, MATH #708, MATH 709, etc.).

No more than 8 credits used by the student to satisfy major requirements may be used for the minor.

Courses used in obtaining a minor in special education cannot be used towards a minor in education.

EDUC 500 Exploring Teaching can only be counted once (four credits) towards the minor.

No more than two transferred courses in Education or a closely-related area from another college or university may be used towards a minor in Education. A three-credit course transferred from another school will count for three credits at UNH, not four credits.
