

RUSSIAN (RUSS)

The Russian program provides students with an opportunity to study one of the world's most important languages, its literature and its culture. In addition to the intrinsic value of Russian language, literature and culture as a liberal arts experience, the Russian major leads to a number of careers, such as teaching, translation and interpreting, government and the Foreign Service. It is also a valuable asset in preparing for careers in law, economics and international trade, and it can serve as a double major with business administration, international affairs, homeland security, the natural and physical sciences, and other liberal arts fields such as English, history, political science, sociology, philosophy, theatre, communication, linguistics and other foreign languages.
