ENVIRONMENTAL CONSERVATION AND SUSTAINABILITY MINOR

https://colsa.unh.edu/natural-resources-environment/program/minor/environmental-conservation-sustainability

Description

The minor in Environmental Conservation and Sustainability allows students from diverse majors across all UNH colleges to incorporate the theory and practice of sustainable resource use into their 4-year baccalaureate studies. Students take required introductory courses in both conservation and sustainability and then can fill out their minor with choices from ecology, social science and management, and a range of advanced topics. As well, students who participate in the EcoQuest Study Abroad Program can apply their courses to the minor.

Requirements

20 credits total required

- A grade of C or better in each of the 5 courses.
- No more than 8 credits used to satisfy major requirements may be used for the minor.
- Credit/fail courses may not be used for the minor.

Select one course from each of the following categories:

Ecology (choose one):

- BIL 541 Ecology
- NR 433 Wildlife Ecology
- NR 502 Forest Ecosystems and Environmental Change
- NR 527 Forest Ecology
- NR 660 Ecology and Biogeography of New Zealand
- SAFS 502 Agroecology

Social Science and Management (choose one):

- NR 507 Introduction to our Energy System and Sustainable Energy
- NR 602 Natural Resources and Environmental Policy
- NR 662 Environmental Policy, Planning and Sustainability in New Zealand
- NR 786 Leadership for Sustainability
- EREC 666 Land Economics Perspectives: Uses, Policies, and Taxes
- EREC 627 Community Economics

Advanced Topics in Conservation and Sustainability (choose one):

- NR 603 Landscape Ecology
- NR 606 International Energy Topics
- NR 650 Principles of Conservation Biology
- NR 661 Restoration Ecology and Ecosystem Management in New Zealand
- NR 720 International Environmental Politics and Policies for the 21st Century
- NR 724 Resolving Environmental Conflicts
- NR 784 Sustainable Living - Global Perspectives
- NR 785 Systems Thinking for Sustainable Solutions
- NR 787 Advanced Topics in Sustainable Energy
- NR 795 Investigations
- MEFB 702 Sustainable Marine Fisheries
- EREC 708 Environmental Economics

NR 795 Investigations requires working with an individual ECS faculty member on a special problem/issue.
