

GREEN REAL ESTATE MINOR

<https://colsa.unh.edu/natural-resources-environment/program/minor/green-real-estate>

Description

The green real estate minor will include the basic fundamentals of real estate (a class which is accredited by the New Hampshire Real Estate Commission). Students will learn about local and regional planning, environmental economics and market forces, and environmental issues as they pertain to real estate. In addition, students may choose complementary classes, such as architecture, surveying, land design, soils, wetland delineation, law, etc.

Requirements

Students must complete five courses (18 to 20 credits), with a minimum grade of C- or better in each course, and maintain a 2.0 average or better.

Code	Title	Credits
Required Courses
