

CYBERSECURITY POLICY MINOR

<https://manchester.unh.edu/program/minor/cybersecurity-policy>

Description

The Minor in Cybersecurity Policy introduces students to the basics of cybersecurity, as well as to societal and business mandates for incorporating cybersecurity into an organization's policies and governance structures. We study techniques for communicating about cybersecurity, and we explore solutions for sustaining cybersecurity within a variety of organizations.

This minor is available to both UNH Durham and Manchester students.

Requirements

This minor is only available to undergraduate students enrolled in the [accelerated admissions option](#) for the Master of Science in Cybersecurity Policy and Risk Management (CPRM) program. Students must be accepted into CPRM before registering for any of the courses in Category B below. Only seniors are permitted to take courses in Category B.

Five courses (20 credits) are required for the minor. All courses must be completed with a minimum grade of C- and an overall GPA of 2.0.

Code	Title	Credits
Category A ¹		
HLS 455	Introduction to Cybersecurity	4
HLS 515	Critical Infrastructure Security and Resilience	4
