

PHILOSOPHY MINOR (MANCHESTER)

<https://manchester.unh.edu/program/minor/philosophy>

Description

Philosophy is the study of the fundamental nature of truth, existence, beauty, morality, and justice. People study philosophy to understand the basic principles of science, art, and the human condition.

Though this sounds abstract, a background in philosophy is excellent training for any walk of life. Philosophy offers training for a variety of careers by providing a unique combination of life-long skills: analytic and interpretive skills, critical reasoning skills, the enhanced capacity to detect problems and to solve them, excellence in oral and written presentation and defense of one's ideas, skill at asking probing and central questions about the ideas of others (as well as about one's own ideas), and skill at effectively understanding, organizing, and evaluating complex systems of thought.

For more information, contact [Phillip Deen \(phillip.deen@unh.edu\)](mailto:phillip.deen@unh.edu), minor supervisor.

Requirements

A philosophy minor consists of five (5) philosophy courses (for a total of 20 credits) with a grade of C- or above.
