

PSYCHOLOGY MINOR (MANCHESTER)

<https://manchester.unh.edu/program/minor/psychology>

Description

The Psychology minor brings a unique perspective on society and human behavior to your studies and adds a set of skills that makes you stand out to employers in a variety of industries.

For more information, contact [Alison Paglia](#), program coordinator and minor supervisor.

Requirements

Course Requirements

Code	Title	Credits
PSYC 401	Introduction to Psychology	4
Two PSYC courses at the 500-level or higher		8
Two additional PSYC courses		8
Total Credits		20

- No more than 4 credits of PSYC 795 Independent Study may be applied to the minor.
- A maximum of 9 approved psychology transfer credits can be applied to the UNH psychology minor.
- Transfer courses must be evaluated for their equivalency. Only courses taken in a psychology department can be applied towards the minor.
- Three-credit transfer courses can be applied as only three credits. Students must make up the credit deficit created by acceptance of transfer courses, with one exception: one three-credit course accepted in transfer may be applied for a total of 19 credits.
- AP Psychology transferred into UNH is equivalent as PSYC 401 Introduction to Psychology.
