

APPLIED PSYCHOLOGY MAJOR: APPLIED BEHAVIOR ANALYSIS OPTION (B.S.)

<https://cps.unh.edu/online/program/bs/applied-psychology-applied-behavior-analysis-option>

Description

The Bachelor of Science degree in Applied Psychology provides an understanding of human behavior within a socio-cultural context. Students explore the variables affecting human behavior within both individual and group settings. The major positions students for either post-college employment or advanced education. The applied behavior analysis option introduces students to procedures and research in applied behavior analysis (ABA). Courses in this option cover evidence-based practices and concepts in ABA and how they are applied in professional ABA practice.

Requirements

Degree Requirements

Minimum Credit Requirement: 120 credits

Minimum Residency Requirement: 30 credits must be taken at UNH

Minimum Cumulative GPA: 2.0 is required for conferral*

Core Curriculum Required: General Education Program

Major, Option and Elective Requirements as indicated.

*GPA: Major and any state certification GPA requirements may be higher and are indicated in program details.

A minimum grade of C- is required in all Major coursework. Some programs may have higher grade requirements for Major coursework as noted in the Major requirements section below. Students are allowed a maximum of two course overlaps. Overlaps can be used between Major, Minor, and General Education requirements with only 8 credits overlapped between the Major and Minor. Please note that Option requirements are considered part of the Major. Students must complete 16 upper-level credits in majors within the College of Professional Studies, Online.

General Education Program Requirements

A minimum grade of D- is required in all General Education coursework. Students are allowed a maximum of two course overlaps. Overlaps can be used between Major, Minor and General Education requirements with only 8 credits overlapped between the Major and Minor.

All General Education requirements, including CRIT 602 Advanced Critical Analysis and Strategic Thinking and IDIS 601 Interdisciplinary Seminar, must be taken prior to the capstone.

Code	Title	Credits
ENG 420	The Writing Process	4
COM 460	Interpersonal Communication and Group Dynamics	4
COM 480	Visual Communication	4
CRIT 501	Introduction to Critical Inquiry	4

Select one of the following:		4
MTH 402	Math for Our World	
MTH 504	Statistics

Total Credits		120

Student Learning Outcomes

- Differentiate and critically analyze biological, developmental, cognitive, and sociocultural theories that provide an understanding of behavior and communicate this knowledge effectively.
- Use computer technology, as well as quantitative and scientific reasoning, to function as informed consumers of psychological research.
- Apply ethical principles that guide and inform the conduct of research and clinical practice.
- Develop strategies to implement behavioral methods and assessments with individuals to change behavior and increase socially significant behaviors.
