This transfer-friendly program is designed for students with an Associate’s Degree from a regionally accredited college in a technical or specialized field who already have the “hands-on” skills and want to develop the business competencies that will help them advance in their field in a management capacity. The program integrates the technical and general skills developed in an associate degree with the business competencies needed to succeed as a manager in their chosen profession. The focus is on the application of business skills to the student’s professional field. Professional licensure, certification or training may serve as a foundation to this degree, upon approval by academic affairs.
