Students interested in the Individualized Studies major should contact their academic advisor. The student will work with their advisor and the Director of Liberal Arts to determine if an Individualized Studies degree is feasible. Open electives are courses students will need to take in addition to their general education and major requirements in order to satisfy the remaining credit totals for their programs. Students will need 120 credits total to graduate with a bachelor's degree from the Online Division of the College of Professional Studies.

* The Bachelor of Arts degree requires proficiency in a foreign language. This requirement may be fulfilled by completing the equivalent of a full-
year elementary-level course in a language not previously studied, or
by completing the equivalent of a semester of a course in a foreign
language at the intermediate or higher level, or by earning credit
through an approved Advanced Placement or College Board foreign
language achievement test (minimum scores vary). The proficiency
in a foreign language requirement must be satisfied by the end of the
sophomore year. No credit is awarded for elementary year college
coursework if the student has had two or more years of that language
in high school. It is strongly advised that students check with academic
departments to identify department-advised specific foreign language
proficiency options.
Note: A student with a documented disability who wishes
accommodation on the basis that the disability will prevent them from
successfully mastering a foreign language requirement, or whose
foreign language requirement was waived in high school because of a
documented disability, must contact Student Accessibility Services,
Smith Hall, (603) 862-2607 (Voice/TDD).
